HOPES FOR SENATOR BORAH FADE

Peace Service Held Burlington Sunday

The feast of the Holy Name of Jesus which was set aside by his Holiness Pope Pius XII, as a day of prayer for universal peace was very fittingly celebrated at St. Michael's Church. High Mass was sung by Rev. T. F. O'Sullivan, pastor, at which the members of the Holy Name Society and Knights of Columbus from Cameron and Burlington received Holy Communion in a body.

In addressing the congregation, Father O'Sullivan thanked them for heeding the invitation of our Holy Father O'Sullivan thanked them for heeding the invitation of our Holy Father and said their presence was an indication of their loyalty to their country, their church, and their God. As the theme of his discourse, Father O'Sullivan quote the words of His Holiness in his message to the world "Nothing is lost through peace, all may be lost through war." He declared that it was impossible to promote or procure peace if the existence of God was denied. He likened unbelievers, "to parasites living upon a God-believing world, being supported and enjoying its benefits while they are seeking to destroy it. Should those who refuse to believe, create for themselves a world of their own it would be a world of human beings without a sufficient reason why any single person should act as a human being. Why should a man who doesn't believe in God be honest? Why should he be just in his dealings with his fellow-men? Why should a man not be a thief if the higher concept of a God does not exist in his mind and actuate his procedure? Why should he place the spiritual above the material? These pertinent questions can be answered only with

the convincing proof that man needs a kind and loving God in order to live as a man."

"Furthermore, God must be recognized if nations are to endure. Russia, the country where freedom is throttled, would not be in the chaos that it is today if it acknowledged the rights of God. In the past, even in Christian countries and civilizations, men failed humanity in the same proportion as they failed God, and they benefited humanity in the same measure as was their fidelity to God. Count up all the ills of the past and credit them with man's repudiation of the need of God. The ills of the contemporary world are even greater than ever before and the basic reason of all is that man feels he has no need of God. Man with his culture and civilization will destroy himself and all that he has achieved if he destroys in his soul his God."

"Let us pray for peace," exhorted Father O'Sullivan, "That the war-clouds which overshadow other lands may not reach our American shores and let us co-operate with our Holy Father in begging the Prince of Peace to shorten the present horrors of war, which carry with it such destruction."

After Mass the Holy Name Pledge was repeated in unison, followed by the singing of the hymn, "Holy God We Praise Thy Name." The congregation was asked to remain in the pews while the orderly procession marched down the center aisle. The parish choir of St. Michael's rendered in a very praise-worthy manner the Mass of the Angels.

Coffee was served to the members of the Knights of Columbus and Holy Name Society in the school auditorium.

Championship Cup For Basketball Given by Herald

The Cameron Herald today announced award of a beautiful cup for the basketball championship of Milam county.

The cup, purchased from the W. A. Holt Company of Waco, is valued at more than fifty dollars and is twenty-seven inches high. The cup is finished in Sun-Ray, the figure being a man with basketball emblematic of the sport to be encouraged by this award.

The cup is given to encourage basketball, a sport that has had little public consideration. The publishers are hopeful that the award may be taken as an indication of the growing interest in this fine sport.

The cup is now on display at the Herald office and will be taken to Rockdale on February 2, for the basketball tournament and will be on display in Cameron when the rural tournament is held. Each school in Milam county will have an opportunity to win this cup. The school winning the cup as many as three times whether successively or otherwise, will be permitted to keep it. Class A, Class B, and Rural schools all have an opportunity to win this cup.

The cup is to be known as the Herald Cup. The trophy is regarded as one of the most beautiful ever awarded in this section for any sport.

White Crowned Sparrow, Killed Near Sharp, Came From Penn Yan, N. Y.

Odell Mitcham of Sharp has received a letter dated January 5, from F. C. Lincoln of the Bureau of Biological Survey in Washington giving information on a bird which was killed near Sharp during December.

Mr. Lincoln says the bird carrying band No. 1383061 was a white crowned sparrow. The band was placed on the leg of the bird on May 14, 1938, at Penn Yan, New York, by M. J. Lerch.

This is the second such test of the migratory instincts of American birds to come to the attention of the Herald within the past three years. Another bird, a robin, was killed near Cameron in 1937.

The Biological Survey in Washington conducts experiments and it is interesting to note that even sparrows will migrate from New York State to Texas. The sparrows originally came from England.

One of the most interesting disclosures in connection with bird life is the fact that the humming bird is migratory, originating somewhere in the British Isles and each year flies back and forth across the ocean. The birds although the smallest known in this country, are caught up by air currents far above the ocean waters and are brought over to America, the same being true on their return flight.

Dr. James Watson First Contributor To Finnish Relief

Dr. James Watson, widely known Cameron dentist, Saturday became the first contributor to the Finnish Relief Fund.

Former President Hoover is conducting a nation wide campaign with the co-operation of American newspapers to raise funds to be used in Finland for the relief of the Finnish population now suffering because of the Russian invasion.

The Texas newspaper Co-operative Committee has requested the Cameron Herald to sponsor the appeal in Cameron.

Contributions to the Finnish Relief Fund will be sent to Dallas. All services in connection with the appeal throughout America are free and every cent contributed will reach Finland through accredited sources.

Dr. Watson said the privilege of contributing made him feel better. He pointed out that these funds are being raised by small contributions from people in modest circumstances which to him demonstrate the sympathies of the American people who feel a sense of outrage over the Soviet invasion of Finland.

Rosebud Youth Arrested for Theft

Louie Frederick Bruedigan, Rosebud youth, was in the Cameron jail Saturday morning facing theft charges after having been arrested by city officers on Friday night.

According to City Marshal Gene Smith, Bruedigan was arrested by Deputy Marshal Dan Lunsford who was called to the Hilltop Tavern late Friday night.

Bruedigan is charged with having taken \$14, a ten dollar bill and four one dollar bills, from the shirt pocket of Dave Ethridge. Ethridge claimed Bruedigan called him outside the cafe-dance hall and while pretending to straighten his tie took the money from his pocket.

According to Mr. Smith, Bruedigan started for his car and attempted to leave the tavern but was stopped by Cotton Bryant, manager, who heard the disturbance, until officers could be notified, at which time Bruedigan was placed under arrest.

Bruedigan's bond has been set at \$750.

Mr. Wallace recently gained wide recognition for the unusual. He advised the city government that the payment of ten per cent on delinquent taxes where no suits are brought or legal efforts made to collect them, is not only bad public practice, but illegal. In taking this action, Mr. Wallace refused to acknowledge a heretofore splendid financial advantage to those who have served in the office, and has saved the tax payers of Cameron thousands of dollars.

Friends have publicly commended Mr. Wallace for this unselfish example of service to the city and say that he possesses rare and unusual conceptions of public duty.

Because of his legal training and knowledge of law, his service as city attorney brings to the people of Cameron competent legal advice on all questions arising for solution. This is also true with reference to (Turn to Page 12)

Senator William E. Borah of Idaho was not expected to survive the day, it was announced in a bulletin broadcast shortly after noon today from Washington.

On Tuesday the dean of the Senate now 74 years old, fell in the bath room of his home where he suffered a slight cerebral hemorrhage. Physicians had reported earlier in the day that at the time of the accident, it was believed he would survive.

He lapsed into unconsciousness shortly before noon today and was said to be beyond all aid from physicians. His death was expected momentarily.

Senator Borah, republican, was a progressive and never quite able to command the nomination for president, although for years had been a definite possibility.

Senator Borah was a dry leader. After the world war is best remembered for his fight against ratification of the treaty of Versailles negotiated by President Woodrow Wilson and containing the covenant for the League of Nations. He was known as one of the irreconcilables.

\$20,000 Swimming Pool
in Ledbetter Park

Cameron's newest contribution to entertainment facilities got well under way Monday morning with the beginning of work on a \$20,000.00 swimming pool being constructed in Wilson-Ledbetter Park.

The pool will hold 250,000 gallons of water and when completed will be one of the most modern swimming pools in the state, being similar to the pool located at Austin at the University of Texas, Chas. C. Smith, mayor of Cameron, said Monday.

The pool will be equipped with filters and sweepers, the water being circulated constantly through filters keeping the water pure at all times.

The project is being constructed by the Works Progress Administration with a federal appropriation of approximately \$12,000. Forty-two men had been assigned to the job Monday and it was expected to take approximately 120 days to complete the pool.

The City Council will meet in regular session Tuesday night.

FINNISH RELIEF APPEAL MADE IN MILAM COUNTY

At the request of Ex-President Herbert Hoover made to a large number of newspapers in the United States, and relayed through Capt. J. F. Lucey, prominent Texas independent oil operator, the Cameron Herald will participate in the sponsorship of a nation wide move to raise funds for the relief of Finland.

Mr. Hoover's request that J. B. White accept the local chairmanship was received here yesterday. Capt. Lucey was associated with Hoover in the Belgian Relief Drive in 1914 and advises that plans similar to the Belgian Relief Program will be used in raising funds for the present campaign.

The Herald will receive and acknowledge contributions from its readers and forward such contributions once each week to the Finnish Relief Headquarters for Texas, which Capt. Lucey has opened in the Baker Hotel, Dallas. Funds so secured from all over the state, will be forwarded from the state headquarters to the national headquarters of the Finnish Relief Fund in New York.

Those desiring to contribute through the Herald are requested to address their contributions to Finnish Relief Fund, care of The Herald at Cameron. All contributions will be acknowledged in the columns of the Herald.

Mr. Hoover issued the following statement: "America has a duty to do as its part in the relief of the hideous suffering of the Finnish people. Our people should have an outlet in which to express their undivided and practical sympathy. I have consented to organize a nation-wide Finnish relief fund for this purpose.

"I appeal to the American people for its support.

"Finland is not a rich country. People have little reserve for emergency. They are making a heroic defense. Air attacks have compelled

the evacuation of civilians from their towns and cities. Hundreds of thousands of women and children have been driven from their homes in the middle of the northern winter. Many already are, and more will be, refugees outside their own county. Many are destitute. Others are without adequate shelter, clothing and food. This fund is for the purpose of serving these broad needs.

"I fully realize the present needs of many of our own people and also the needs of the Polish people as well, the committee of which I am also a member. I would not wish any contributions to this fund for Finland to lessen the support of all these needs.

"But in this time of our sorrow and sympathy for the plight of Finland, Americans should also make sacrifices for them.

"Owing to the emergency of the matter, I have asked an unusual service of the newspapers of the country—that they should sponsor the fund in their localities, that they should accept and acknowledge contributions through their columns. I hope the people in each locality will co-operate with and aid their paper.

"A nation wide sponsorship also is being constituted for general conduct of the fund. My former colleagues in Belgian relief have volunteered to undertake the work of administration under the leadership of Edgar Rickard, with an office at the Graybar Building, New York City. Emergency supplies can be obtained in Norway and Sweden pending shipment from the United States. By the aid of the press and the voluntary service of these experienced men, we can move quickly and avoid any consequential overhead expenses.

"I hope those who can afford it will contribute generously. Contributions, no matter how small, are the evidence of our sympathy."

YOE HIGH DEFEATS ROCKDALE By "Fat" Walzel

The traditional flare broke loose Wednesday in Rockdale in a hard fought game between the Yoemen and the Tigers. The Yoemen were on the victorious end all of the way and Rockdale never threatened seriously. At the end of the first quarter the score was 10 to 0, at the half 15 to 2, and at the end of the game 22 to 10.

The Yoemen played exceptionally well with Sevcik standing out on defense. The scoring was done by Allen who is the smallest but the loudest when it comes to basketball, scoring 10 points, with Pfarrdrescher next with 6, Sevcik 4, and Jack Walzel 2. The Yoemen will play Franklin Friday night at 7:30 in the gymnasium here. The Yoe High Faculty team will play the Franklin faculty. The B squad may play also. Everyone is urged to see these games.

By
CONGRESSMAN W. R. POAGE

The third session of the 76th Congress opened Wednesday (January 3) at noon. Opening day is always exciting and is attended by almost every member of both Houses who can get there. There is also a mad scramble for tickets to the gallery. The sessions of the House are considered public meetings, but the galleries are not very large, seating probably 1000 people. On days when an especially large crowd is expected tickets are given to each member for distribution to his friends. There are 435 members of the House so that if each member is given two tickets practically all the space in the galleries will be occupied. However, since President Roosevelt has been in office he has followed the practice of delivering a personal message to the opening session of the Congress. This message is delivered before a joint session of the House and Senate but in the Hall of the House of Representatives as it is larger than the Senate Chamber. Not only does the Senate attend but the cabinet members are given seats on the House floor. The front one-third of the Chamber is reserved for the distinguished guests. In the gallery the representatives of foreign nations are given special seats in the Diplomatic gallery while another large section is reserved for the President's family. Wednesday not only did the President's wife and mother attend along with his grand children but many of his more distant relatives.

President Roosevelt has been in with all of these people to care for it is only possible to allot each Congressman one pass to the gallery for the first day. There are always dozens of people, many of them from home and now working in offices here, who want that one ticket. For a short time it is about as bad as selecting a Postmaster but fortunately for the Congressman, most of those who can't get in take it good naturedly and recognize that it is impossible to give one ticket to a dozen different people. I gave my ticket to my wife, but as she had previously seen the President and seen Congress convene she passed it on to Miss Marak, who is in our office this session, and who has never before been in Washington.

There is very little actual work conducted the first week. The committees will not hold any meetings until next week, and while a number of bills have been introduced it will be several days before the real grind is under way. All of the members are having to get their families located, (no small task in Washington to answer some of the great volume of mail that has always accumulated before they arrive, and to visit some of the Department down town in regard to some of the various matters in which their constituents are interested. Mrs. Poage and I are located at a small hotel just across the street from the Senate Office Building. We have only two rooms with a kitchen in the wall, but we are convenient to our work and that saves us lots of time.

This morning I went with a number of my colleagues to call on the Army Engineers and urge that they hasten a report on the Miller Springs Dam on the Leon River at Belton. This is an important unit in the Brazos project and we are hopeful that the engineers may give us a favorable report at once. If the report is delayed too long, there will be no chance of getting the dam authorized at this session of Congress. This afternoon, Mr. Upshaw and I visited a number of the divisions of the Post Office Department with which we had matters to discuss.

On yesterday the President sent his budget message to Congress. This he sent by messenger and it was read by the Clerk. It was very well received by most of the members. Of course, it was not as impressive as the personal message of the day before. Neither of the President's messages were of the controversial type and yet he has lost none of his personal charm or persuasive power of speech. The great Republican Senator Borah did not attend the joint session to hear the President. When asked why, he said, "It is dangerous to listen to that man Roosevelt. He could make an algebra problem sound interesting, and he will persuade you in spite of yourself." I am sorry that Senator Borah did not listen to the President last Fall. Maybe he would have been persuaded then.

As soon as the committees begin to meet I expect to call on the Ways and Means Committee to give my pending bill for a universal thirty dollars per month Federal pension to the aged, the blind, and the crippled,

a hearing. I shall also seek a hearing by the Committee on Agriculture on the bill I introduced to establish a substantial prize for anyone who could devise new commercial uses for cotton.

The weather is bitterly cold here tonight. There has been snow on the ground ever since we arrived in Washington. In fact, we ran into snow in Tennessee as we drove up and found it on the ground all the way. It makes us think of what a long time it will be before we will be able to get home to Central Texas.

With best wishes, I am

Your friend,
W. R. POAGE,
Congressman 11th Texas District.

The Lord Comes and Gets
Oldest Old Woman on Earth

Dallas, Jan. 12—Fishtrap Road was wrapped in gloom Friday because the "oldest old woman on earth" is dead.

Black crepe dangled beside the latchstring at the cabin of "Old Granny" Reldia Solomon, who claimed to have lived 127 years.

She died Thursday all of a sudden. Negroes along Fishtrap Road thought she would live forever.

Until a few days ago she was spry as a young one.

Apparently she knew her time had come because she sighed and murmured:

"Lord, come get me. I been a-waiting."

And then she died.

"Old Granny" was a woman who never got "trifling and no-count."

She was a hymn singer, a quilter and the mother of 14 children.

Her progeny came in droves Friday. All told there were 141 descendants.

She was born, they said, on Oct. 12, 1812. Her father was a negro slave and her mother an Indian. Her birthplace was a Mississippi plantation.

She heard that the slaves were freed after the "old war" but she stayed with her white folks until they died in Texas.

She remembered when the "stars fell" and when her master and his sons went to fight the Yankees. She saw American troops go off to five wars.

In East Texas she reared her family and finally moved to Fishtrap Road.

20,000 JEWS WORKING
IN STREETS OF BERLIN

Twenty thousand Jews are working in the streets of Berlin cleaning the city of snow, it was announced from the German Capital Friday.

In Germany every man must earn his living. Jews are not taken into the army but are required to work in the same relationship to the state as convicts are required to serve in this country.

Violent snow storms and blizzards brought suffering and privation to Berlin. There is a serious coal shortage. Hot water is available only two days each week. The Jews are given rations the same as other laborers.

Edward Schiller of Rt. 1, Cameron was a business visitor in Cameron Friday and renewed both his and his son's subscription to the Herald. Mr. Schiller and his son, Alvin Schiller are long time readers of the Herald.

Judge Graham Gillis and attorneys Jack Lewis, E. A. Wallace, and J. M. Ralston of Cameron were in Austin Saturday to attend the 100th anniversary of the Supreme Court of Texas.

Walter Cooper of Maysfield was a Cameron business visitor Saturday afternoon.

NEWS FROM Bryant Station

Triple dividends are paid on a home garden investment under the 1940 Agricultural Conservation Program for Texas, Miss Dorothy Porter pointed out to members of the Bryant Station Home Demonstration Club when they held their initial meeting for the new year on January 11.

First, is the \$1.50 soil building payment provided for by the new AAA ruling. Second, is the financial savings on food costs. Third, is the assurance of proper diet and nutrition for the farm and ranch family.

To advocate the use of more green vegetables in our menus, Miss Porter demonstrated the making of a raw spinach salad. She also showed that in cooking spinach, only a small amount of water is needed if wilted slowly. When the leaves were tender, Miss Porter seasoned them with salt, pepper and butter, which made a very simple but delectable dish.

Through the use of her frame garden, Mrs. G. H. Beckhausen supplied the variety of vegetables required by this demonstration.

As a supplementary to the main program, Miss Ellen Neal read a paper entitled, "For Your Next Permanent." This yielded valuable tips in regard to caring for the hair.

At the conclusion of the Club ses-

sion, Mrs. G. H. Beckhausen, the hostess, served refreshments consisting of sandwiches, cake and punch to eleven members.

ITALY READY FOR WAR IN BALKAN COUNTRIES

The Government of Sweden served notice on Russia Wednesday that the country reserves the right to give aid to Finland in whatever measure it deems necessary in the war against the Soviet Union.

This announcement came as the most sensational development of the day and was taken to indicate that Russian aggression in the Baltic has become the concern of all the small countries.

It was believed certain that if Sweden sends military aid to Finland that England and France will send troops and army units to Finland and thus end the possibility of Russian conquest.

Germany was believed ready to resist such a combination and what the next few days will bring was a matter of grave speculation as war seemed destined to involve all countries in Europe.

Italy was reported to be making ready for any eventuality in the Balkan countries where Russian influence was believed to be certain to make a stand for influence and territorial expansion.

The San Gabriel NYA project is progressing nicely, the main purpose of which is to beautify and improve the San Gabriel High School campus.

The project is under the sponsorship of Jamie L. Clark, Paul Langston and H. D. Kay, Jr., teacher of vocational agriculture. This year an educational program is to be sponsored in connection with the regular work program.

The project employs 27 youths between the ages of 18 and 24 for a period of 60 hours a month. They are receiving splendid training in shop work, wood and mortar construction, landscaping, agriculture, masonry and soil conservation.

Accomplishments made on the beautification and improvement program include the selecting, landscaping and planting of trees suitable for shading the campus, planting of hedge around the entire campus, con-

struction and planting of a rose garden, sodding of bermuda grass on the campus and other similar jobs.

A club has been organized and the following officers elected: President, Howard Fulcher, Jr.; Vice President, Guinn Gifford; Secretary, Clyde Reed; Treasurer, Joe Bailey Roepke; Sergeant at Arms, Richard Hiene; Song Leader, Duncan Garner; NYA Foreman, J. SAY VICTORY MUST BE COMPLETE FOR STALIN

Germany declared Saturday morning that under no circumstances would her diplomats become interested in a settlement of the war between Russia and Finland.

A broadcast from Berlin said the German viewpoint holds that even though the Germans desired to use their good offices to make a settlement of the Baltic war that Russia cannot be induced to quit until a decisive victory has been won. This, according to observers, indicates that Germany desires to see Russia complete her aims in Finland and in some sources in Berlin there was outspoken sympathy for the Soviet invasion of Finland.

Great Britain was severely criticised for magnifying Finnish victories. The Germans charged that England and France are attempting to create another war front in Europe

in order to embarrass the Nazi position.

The most far reaching development of the day was the announcement by the French government that the railroads of France have been thrown open for traffic for the transport of munitions and supplies from Italy and Spain to Finland.

Benito Mussolini of Italy is known to have secretly protested to Adolf Hitler over the German refusal to permit transportation of supplies to Finland. Turkey and Italy are reported to have reached an agreement for a common front against the spread of Bolshevism in the Mediterranean.

BELGIUM AND HOLLAND MOBLIZE FEARING NAZIS

The tense air of impending major war events was super-charged with grave speculation as Belgium and Holland continued to mobilize their armies.

There was no explanation forthcoming to indicate why the mobilization had taken place other than the fear of a German invasion.

At noon Monday a Belgian government statement said the country feared a repetition of the events of 1914 when Belgium became the early war theatre in Europe.

No doubt was expressed anywhere in Europe that the events of the last two days accurately forecast coming developments in the war.

In the German capital government officials continued to charge Great Britain with agitating the European situation resulting in the mobilization of the Belgian and Netherlands armies. Germany disclaims any intention of invading the lowland countries. In France the invasion was held to be a matter of certainty and there was fear in Italy that Hitler would soon send his armies across the frozen country-side in Holland to establish air bases off the Netherlands and Belgian coasts.

More than 500 Russian bombing lanes had dropped hundreds of death dealing missiles on the Finnish people in the last two days indicating that the Soviet invasion had reached a point of mass murder brought on by an angered Stalin over reverses suffered in the early stages of the war.

"Christian Front" Reds Arraigned

Eighteen suspects taken in a series of raids Saturday by the United States Department of Justice operatives and held under charges that they are a part of an organization seeking the overthrow of the American government, were arraigned in federal court Monday and sixteen were held in default of \$50,000 in bond each.

The United States government appeared to be well on its way to suppress un-American activities although there was no conclusive evidence that the movement had gained sufficient momentum to be a serious threat.

According to J. Edgar Hoover, director of the Federal Bureau of Investigation, the organization is known as the "Christian Front." Plans call for the assassination of 12 congressmen who voted for repeal of the Arms Embargo, liquidation of the Jews, and widespread bombings of West Point Military College, government buildings, munitions plants, airplane plants, and the seizure of customs officers.

Maysfield Man in Hospital After Car Wreck Here Saturday

Alfred Seals of Maysfield is in the Cameron hospital in a critical condition suffering from injuries sustained in a car wreck on Saturday afternoon in which several others were less seriously injured.

According to Womack Brashear, Justice of the Peace, who investigated the wreck, Seals was driving toward Milano in a 1935 V-8 Ford coach when he struck a Model A Ford car being driven by Eppie Ellis, negro, in a head on collision one mile east of Cameron on Highway 77 near the river, at 5:45 p. m. Saturday, Jan. 13th.

Mr. Brashear said the negro was driving toward Cameron. Seals was said to have been driving along on the left side of the highway. When the cars met, the negro who was on the right side of the road, pulled over to the left in order to avoid hitting the Seals car. Seals also pulled over to his right and struck the negro's car turning both cars over, and sending his own car 120 feet down the highway. Both cars were badly damaged.

With Seals were Conway Weathers, Calvert Simmons and Woodrow Simmons, none of whom were critically injured. It could not be ascertained just how seriously Seals was injured, but it was believed his condition was critical. He was taken to the Cameron hospital where X-rays were taken.

The negroes were Eppie Ellis, owner of the car, Leroy Dykes, Adella Johnson and Phillip Lee, none said to have been critically injured.

Berger was arrested at his home here on December 20 by City Marshal Gene Smith after he had been sought for several days in connection with the almost fatal stabbing of Stephenson on Sunday night, December 17.

Both Berger and the negro were employees of the R. L. Batte interests in Cameron. The stabbing occurred in a negro quarter in the southeastern portion of the city, and although physicians said Stephenson had little or no chance to survive, his condition steadily improved and it was believed will recover.

RESOLUTIONS OF RESPECT

We, the members of the Sara McCalla Chapter of the Daughters of the American Revolution are sad today because of the going away of our beloved member, Mrs. T. S. Henderson, a charter member who, through the years has proved her loyalty and devotion to the patriotic ideals of this organization.

We add our own memories of Mrs. Henderson to those offered by her many, many friends, memories of her kindness, her nobility of character, her generosity to numbers of the citizens of Cameron and of Milam County, her sweetness of voice and character, her qualities of leadership, her pleasure in all good things.

We offer these words of sympathy and sorrow to the members of the family for the loss which they have suffered and we join in expressing our sadness at the loss of our friend, of her influence and her encouraging companionship.

Be it therefore resolved that we carry aloft the flag of faithfulness which she left us upon entering the door we call Death.

"Death is only a door
Set in a garden wall
On gentle hinges it swings
As the shadows fall.

Across the lintel are green leaves,
Beyond, the light lies still.
Many weary and willing feet
Cross over that sill.

There is nothing to trouble any heart,
Nothing to fear at all.
Death is only a door
In an old, old wall."

Committee on Resolutions,
Daughters of the American Revolution.

Life Preserver From German Ship Columbus is on Display at Herald

A life preserver taken from the German ship, Columbus, scuttled by her own crew off the coast of New Jersey in the latter part of December, is now on display in the office of the Cameron Herald.

The life-saving apparatus was given to R. B. Oldham of Rockdale by a German soldier on the ship. Oldham, who is enlisted in the United States navy, was enjoying his first voyage at sea on the vessel Tuscaloosa when the scuttling of the German ship took place.

Oldham sent the life preserver to his parents, Mr. and Mrs. J. B. Oldham of Rockdale. He was also able to take some motion pictures of the scene, and was given some German money from the ship for a souvenir.

Oldham is now on his way to Cuba. He has been in the navy since Sept. 3, 1939.

State Highway Named For Former Milam Man

An interesting item appearing in the Texas Parade for January 1940 is as follows:

"A 'flower to the living' gesture was made recently by the Texas Highway Commission when it named a portion of State Highway 20 in the city of Austin, the 'Lou Kemp' Highway. Lou Kemp, an executive in the asphalt division of The Texas Co., long has been one of the highway fire horses. The honor was accorded to him by the Highway Commission for his work in locating the bodies of famous Texans and having them reinterred in the State Cemetery at Austin."

Louis Wiltz Kemp is a native of Milam County, a brother of Judge Jeff T. Kemp and known to his Milam County friends at "Wiltz" Kemp.

Miss Margaret Kirkner, district supervisor of records projects from Austin transacted business here yesterday.
